NASTYNASTY©

NASTYNASTY© sono Emiliano Biondelli e Valentina Venturi.

I loro lavori includono sempre la fotografia intesa non solo come sequenza coerente di immagini, ma anche isolando elementi della grammatica fotografica.

Partono da una ricerca fotografica (solitamente antropologica) e arrivano alla produzione di un oggetto, un piccolo libro o un'installazione urbana.

Sculture luminose, sculture portatili, video, fanzine sono le aree progettuali in cui NASTYNASTY© si muove e sperimenta.
